

## SKZ TRAINING SESSIONS 2009/2010

### “SKZ Certified Training Courses for HDPE Pipe Welders & Geomembrane Welders”

High quality Pipes, Fittings and Geomembranes made of polymeric material are depending on a perfect Installation and Welding to provide you 100% performance.

The contents and the validity of the training course certificates offered by SKZ in partnership with BMC Gulf are based on established regulations of DVS (German Welding Society) and DVGW (German Technical and Scientific Association for Gas and Water).

**SKZ certified welders are enhancing the quality assurance of your project!**

*For further information please call +971 50 6453445*

#### “Certified HDPE Pipe Welder GW 330”

**5 days training course**

Installation & Welding of High Density Polyethylene (HDPE) Pipes for Gas and Water applications as per the standards of the German Technical and Scientific Association for Gas & Water (DVGW).

#### “Certified Geomembrane Welder DVS 2225”

**5 days training course**

Installation & Welding of Lining Membranes (Waterproofing) made of Polymeric Material (HDPE, PVC and TPO) for Civil Engineering, Tunneling, Lake Lining, Roofing and Landfill applications as per the standards of the German Welding Society (DVS)

SKZ Training Courses 2009	
Date	Training Course
4 – 8 October 2009	GW330
11 – 15 October 2009	DVS 2225
22 – 25 November 2009	GW330
SKZ Training Courses 2010	
Date	Training Course
21 – 25 February 2010	GW330
11 – 15 April 2010	GW330
18 – 22 April 2010	DVS 2225
16 – 20 May 2010	GW330
18 – 22 July 2010	GW330
19 – 23 September 2010	GW330
26 – 30 September 2010	DVS 2225
21 – 25 November 2010	GW330
